**PUBLIC COMMENTS:**
Mr. Mike Perillo questioned the practice of building in a 5% buffer to the budget. Mayor Wasowicz explained that in the event we would exceed our budgeted amount for a specific class of expenditure, the 5% creates a contingency for that eventuality. We try to budget tightly and the contingency lines keep us from having to open the budget in the case of an unexpected occurrence. The 5% is only built in where an unexpected expense might be incurred.

Mr. Perillo questioned our inability to require that the County clean the area under the viaduct. Mayor Wasowicz replied that the County’s priorities and ours are not necessarily the same.

Mr. Perillo did not understand our cash position.
Trustee Rusch explained that we are positive in cash at around 1.2 million.

The Chair will entertain a Motion: To Adjourn.
