SECOND: Trustee Kuban

Trustee Ed Rusch made his opinion vehemently known that he feels an 85% discount is excessive. He urged the board to at least collect $10,000.00. He asked who else had received such a magnanimous reduction in fees.

Mayor Wasowicz stated that the published fees per square foot for paving are quite arbitrary. We do not perform any corresponding service for this fee. $.20/ square foot is outrageous.

Sunset Lakes pays more than $29,000.00 each year for a license to operate multi-family dwellings. They are a successful business in our community. He supports the reduction in fee.

Executive Session: If necessary.

Trustee Oszakiewski spoke at length about the reasons for his vote on the issue of the reduction in permit fees for the Sunset Lakes parking lot paving. His focus is to support businesses and create incentive to improve our community.

VOICES FROM THE FLOOR:
Ms. Barb Stimatz questioned the rate increase on the Sewer and Refuse bill. Why are we paying for a rate increase on a bill dated August 29th, that reflects service dates of July and August, when the increase is not supposed to be effective until September 1st?
Clerk Svoboda explained that the sewer service is billed in arrears of the service and the refuse service is billed in advance; the same way the village is billed by the vendor. The refuse billing on the August 29th bill is in fact for service in September and October. The sewer portion is for service in July and August.
Ms. Stimatz commented that the billing is misleading. Clerk Svoboda agreed that the dates of service being billed for are not clear.

Ms. Stimatz continued, chastising the village for the size of the American Flags that we display on the light-poles. She thinks they look stupid.
Mayor Wasowicz was offended by her characterization of the American Flags as stupid and ended the conversation.

Mr. Joe Davern Jr. addressed the board about the issues arising regarding the sign they are using to advertise the events at Davern’s. He quoted the code with regard to the differences between temporary and permanent signage.
Mayor Wasowicz stated that the village is working on reviewing and revising village codes with regard to signs. There is however concerns with the sign at Davern’s besides the issue of permanency light the flashing lights which are against IDOT rules for being a distraction to drivers. We do intend to let Davern’s know what needs to be done to create a permanent sign.

There are so few streetlights in Cork Highlands, especially on 84th Street. How might we convince ComEd to install more streetlights?
We will speak to our ComEd liaison with regard to the issue.

Mrs. Diane Powers stated that she does agree that the flags are smaller than they should be.
Mayor Kris Wasowicz replied that we were working with a small budget and wanted to do something to display our patriotism. Our intention was to purchase more flags each year. It was a first step for beautification at the patriotic holidays. Mayor Wasowicz spoke about the potential for a Beautification Committee. It has worked for us in the past and he would welcome hearing from volunteers.

A resident spoke about flooding that occurred at her townhouse on 84th Place a few weeks ago causing considerable damage to her property. Drainage repairs have been completed to her area since the heavy rains. Joe Cekus will speak to her regarding the improvements to her area and how storm water actually flows there.
