VOICES FROM THE FLOOR:
Mr. John Small asked about the progress for the 86th Ave. Reconstruction Project. We are in the process of engineering for the project and our attorneys are working with Jim Lurquin on procuring the necessary right of way on 86th Ave. An appraisal has been ordered to determine the value of the land.

Mrs. Diane Powers asked about the likelihood of the tollway ramps. The $1.25 million being spent on feasibility studies and engineering is a very good sign that we, our neighboring communities and the tollway all want to proceed. We are in the tollway’s long range plans.

Mrs. Powers asked what our plans are to replace our Municipal Services Administrator, Jim Lurquin, when he retires at the end of this year. Succession planning is in place as we train a newly hired Finance office employee to replace Matt Zarebczan who is moving over to the Building Department/Public Works Building to work with Jim and to learn his role.
Mrs. Barb Plachta commented about the excellent event by the Park District, the Justice Park Fest. There was much to entertain the kids and all had a great time. She was surprised not to see more village officials attending. Sometimes schedules conflict and many are unable to attend. We congratulate the Park District on their successful event!

In response to a request for an update on the digital sign, Jim Lurquin commented that the concrete is in for the sign, electric is being updated and we hope that installation of the sign may occur as early as next Tuesday.

The Chair will entertain a Motion: To Adjourn

MOTION: Trustee Sparr so Moves.
