

Did You Know...

The Justice Village Code states: “All vehicles housed, stored or kept in the Village must display a valid vehicle license from either the Village of Justice or from the municipality where the vehicle is registered if such municipality issues vehicle licenses.” (*Section 6-21*)

Village Vehicle Tags for 2007-2008 are now on sale and can be purchased at the Village Hall during normal business hours or at the Police Department after hours.

Village Tags are required to be affixed and displayed in the lower right hand (passenger side) windshield. Tags for motorcycles can be affixed to the license plate.

Vehicles not properly displaying the 2007-2008 Village Tag by midnight on July 1st are subject to late fees and a \$25.00 fine for each day after the deadline that a Village Tag is not properly displayed.
