PUBLIC COMMENTS:
Mrs. Liz Allen spoke at length regarding the recent incident where public works employees dropped asphalt grindings in her neighbor’s driveway at the neighbor’s request. Mrs. Allen stated she was assured at a previous meeting that the 4 or 5 buckets of grindings that were dumped would be cleaned up.
Mayor Wasowicz replied that the incident was an unauthorized use of village equipment, and the area will be inspected for any problems remaining as a result of the dumping.
Trustee Sparr and Trustee Symonds agreed to meet at the site and once and for all determine what is required to clean up the area and see to it that it is done.

Mrs. Sherrie Radwanski asked about the status of the towing contract. She commented that her company, District Auto & Recovery, licensed and operating in the Village of Justice, is being ignored and all towing business is going to other vendors. She especially questioned the frequent use of a vendor whose business is not even located in our town.
Mayor Wasowicz replied that he and the board do not involve themselves in the choice of vendors for police related tows. They have found that allowing the police department discretion to use whatever company they choose has resulted in the least problems for the community.
Mrs. Radwanski continued that she was led to believe that her compliance with clean-up of the property and parking issues would allow her to be in a rotation for the village’s tows. She complied and no work was forthcoming.
Mayor Wasowicz stated that he would visit the issue with the chief but that bad experiences of the past are an influence. Everything is working well with the current towing contractors.

Mayor Wasowicz added that the storage yard at District is still quite a mess.
