Your local Emergency Management agency, is looking for some new people to join the Emergency Management Agency. We are looking for people that could work any time of the day or night, in emergency and non emergency details. We are a 24 hour a day unit, that responds to local emergencies, like traffic lights out with traffic control. Anything from lights out, to power lines down, to severe weather, emergency lighting with light towers, to major fires, police incidents, and much more, We have meetings and drills on the first and third Mondays of the month. We do our own in house training, and have instructors come in for other training. We train all members to be first aid and C P R trained. We, are a volunteer / paid department. The E. M. A supplies all uniforms and equipment to each member.

Traffic control is one of our biggest type of details. We can be called out at any time of the day or night. We have a ground search team, we respond to 14 neighboring Fire Departments with our rehab unit, and again so much more.
